JAMES H. KNOWLTON.-As Mr. KNOWLTON, the third candidate on the Independent Judicial ticket, is not as well known in the Eastern, as in the Western portion of our State, it gives us pleasure to copy the following paragraph in reference to his standing and qualifications, from a private letter recently addressed by Judge Dunn to one of

"In justice to the Hon. James H. Knowlton, whose claims I presented and advocated before the Convention, as the choice of the majority of Democrats and Whigs, as the Western candidate for Associate Justice, I must say that every day's intercourse with the People of the West, convinces me that I fairly expressed the opinions and feelings of that mujority before the late Convention. I thought and now think that he would be preferred by the majority, and had higher morits, as a Jurist and man, than the person nominated from the West."

Judge Dunn, as our readers well know, was the Chief Justice of the Territory of Wisconsin. and has always been a leading Democrat in the West. He was the Chairman of the late Demoratic Judicial Convention, and in his brief address n taking the Ohair frankly informed his associates hat he looked upon the party nomination of Judges as an "experiment," the success of which "de-pended entirely upon the fitness of the men nominted," and that be should feel "perfectly at lib-"erty to disregard its choice, if the Convention did Inot make as good a nomination as might be made thereafter, or called out by the people." This entiment has been very generally and heartily responded to by the people of the State and by the

arge majority of the press. Judge Dunn's opinion in regard to Mr. Knowlrox's merits and qualifications is entitled to great weight, and ought to satisfy those of our Eastern readers who have no personal acquaintance with Mr. K. that he is worthy to be associated with Judge Whiton and Manshall M. Staone, on the Independent licket. We invoke, therefore, for this ticket, the carnest and united support of all friends of an able, honest and Independent Judictary. We urge our readers, one and all, as they value the faithful, impartial and intelligent administration of the laws of the land, to cast their votes on Monday week, for EDWARD V. WEITON, MARSHALL M. STRONG AND JAMES H. KNOWLTON AS Justices of the Supreme Court of Wisconsin.

The Seedinel, in its wonderful sagacity has discovered a remedy for all this. It is going to protect our mechanics from competition with foreign pumper laborers. It would doubtless shut out the frish and German laborers from corning into this country! What business have they to come here, competing with our own mechanics? * Erret a country! What husiness have they to come here, compeling with our own mechanics? "Erret a gallows and hang every frishman that lands upon our shores." Prepare a battery and blow out of water every ship that comes loaded with emigrants. That is the Sentinel's protection doctrine. nuts. That is .- Morning News. meeting, to be held on Saturday, 25th, at 2 P. M.

Not exactly! The News, no doubt, speaks for itself, when it proposes to "hang every Irishman who lands upon our shores," and to blow up "every ship that comes loaded with emigrants." The Whigs welcome the emigrant to this fair Western Land, and seek to provide him here with comfortable home, fair wages and steady employment. Pierce Democracy, on the other hand, pre fers to keep him at work on the other side of the Atlantic, with little to do and less to get. "Cometition" on our own soil we invite and our mechanics do not dread. It is the aim and design of the Whig Tariff policy to bring the Manufacturer tearer to the Agriculturist; to place the consumer side by side with the producer. "British Free Trade" on the contrary, of which the News and Mr. Preace seem so fond, strives to keep these two classes apart and to monopolize for England the Manufactures of the world. In pursuance of this policy it has crushed and beggared freland. It has the will too, can it but find the way, to reduce America to a like state of dependence. Let John Bull but once get his " valuable practical ally," FRANKLIN PIERCE, in the Presidential chair and Manchester and Birmingham will blaze with

bonfires at a result so auspicious to their interests-ls the West rendy to bear ils part in such a cele-

bration?

CONGRESSIONAL NOMINATION.-The "PIERCE Democracy," at their Convention on Wednesday ast, nominated DANIEL WELLS Jr., of this city, as a candidate for Congress. Mr. Wells is an old resident of Nilwaukee, an estimable citizen and a anobjectionable as any candidate whom our op-ponents could have selected. But politically be is most obnoxious. Mr. Wells is nominated as the representative of "Pierce and King" demote the democracy which denies protection to will visit our city also. The Journal says: they do right to vote for Prance and King and for all the candidates runningunder that flag. But if, as we believe, the majority are for Home Indus-TRY and HARBOR IMPROVEMETS, let them vote for such candidates only for President, Congress, or Legislature, as will stand by these measures at all imes and under all circumstances.

The Madison Democrat seems quite taker ack by the publication of its "Jenny Lind Club" report in the Sentinel. Our amiable contemporary insists that it was no joke to us. Pity we did not know this sooner. We laughed over it "consumedly," innocently thinking that it was a capital joke. The Democrat complains moreover that we "vented our small spite" at Mr. RVAN by attributing to him the authorship of this We have no "spite," large or small, eport. against Mr. Ryas, nor cause for any. Does the Democrat regard the report as a disreputable perormance, that it thinks it "spiteful" in us to name he putative author?

Gen. Scatt is "a man of quality." He wens equalisties. He is a Major General, The Sentine of therefore objects to having anything derogatory said of him. Were he we poor devil in raws, who worked for a living, the Sentine would be the first to hound him down. It is "inexpressibly mean" to speak of Gen. Such is the excuse of the News for its "inexressibly mean" course in " hounding down" Gen. It needs no answer. We content ourselves with opposing to it the following paragraph from the Wisconsin, relative to this same pitiful liggling about the amount of Gen. Scorr's pay specimen of the most contemptible piece of political 35 of Apples, and 20 of plums. John Morse, of chicanery ever attempted by a body which claims to be the highest in the nation.

There are very many of these emigrants who know nothing of political privileges in their own country before they emigrate to this: The world unknown to them, or if they hear of it as something in which they have no participation. Is not this the fact? Sir, we all know that it is; we know that very many of these emigrants never enjoyed any political privileges themselves—that they HAVE NO KNOWLEDGE OF THEM, and LEAST OF ALL, HAVE THEY ANY KNOWLEDGE OF OUR PEOPLE, OUR GOVERN—MENT, OR OUR INSTITUTIONS. It is controls to observe with what camestness the London Times, La Cronien, of New York, and other foreign journals, of despotic tendencies, deprecate his election. He seems to be regarded by the anti-liberal foreign press, as the most formidable enemy of European tytamy that could be electated to the Presidency of the American Union.

General Persifer F. Smith.—The editor of General. Persurer F. Smith—The editor of this paper had the pleasure of meeting and conversing with this favorite of Louisiana a few days ago. The General looked in fine health, almost as well as he did on the banks of the Withlacochee when the Indians wanted to kill him. In our short interview the subject of politics was introduced, incidentally, when one of the gentlemen present made it necessary for general Smith to redot, which he did in a very satisfactory manuer. It was: "I am a Democrat; but can rever say or do any thing against General Smith know his firmness. When he speaks in this way it is worth more to General Scott than all he has best by the

must know it. And it also most know that the expenditure of this money of General Scott all occurred under Democratic administrations, and by their authority and approval. Still it ensemptionally endeavors to use the matter of the projudice of the Whig candidate for the Presidency.

The Union does not charge General Scott with peculation; it dares not. It does not charge him with dishonesty in any shape; it knows it could not without incurring the indignant contempt of the whole American people. But still it parades these figures with a hope to produce an effect by their mere aggregation, apart from sober inquiry into their origin, and to make our an invidious contrast with the amount of \$20,000 paid to General Pierce for his senatorial and military services. It might with equal justice have resorted to the same means to damage Andrew Jackson or even George Washington in the estimation of the American people, for a heavier account of the American people, for a heavier account of moneys paid from the public treasny might easily be made out against either of these. The Union professes to be astonished at this immense sum of two hundred and ninety thousand dollars paid for forty-four years of active, pre-eminently distinguished, public service. of the Cunard Steamer Augura at that pore, and solvies from Liverpool to Sept. 4,—three days lates.

Cotion market closed steady—holders not the demand freely—mies of the week 39,000 bales—most of which was taken by the trade.

The quotations are fair, Orleans 6 1-4 to 6 1-2; middling do. 5 1-2a5-8; fair uplands and Mobite, 6d. Bread sinfis without material change, though sales of Flour had been made in some instances at 6d decline for the week.

Boston, Sept. 16.

Hon. John P. Hale, writing to Gen. Wilson, in reference to his nomination by the Free Soilers to the Presidency, says:—I have not felt at liberty, under the peculiar circumstances of the occasion, to set up my own opinion in direct opposition to such an expression of my friends, I therefore yield my own wishes and opinions to those of my friends, and thus assent to what has been done, notwithstanding my previous refusal to consent.

I wish sign to say to you, and through you, to

I wish also to say to you, and through you, to that portion of the public who may feel an inter-set in such matters, that to all enquiries which may be made of me as to what my opinions are on various subjects, I have no answers to make. Hon. Charles Allen and Gen. Wilson, have both declined the nomination for Governor, by the Free Sollers.

Additional returns received this morning confirm previous suppositions of no choice for Gov. by the people. Legislature will probably be Democratic. The Congressional Delegation as far as heard from shows the election in the 1st Dist., of McDonnell, Dem.; 2d Dist. doubtfully; 3d Dist. Farler, Whig. by about 800 majority. 4th Dist. Remain, Whig. probably; 5th Dist. Isruel Washlur, Jr., Whig.

Lincoln doubtful.

Calais, Sept. 14.

Fuller, Dem., is undoubtedly elected to Congress to this District—two Dem. Senators are also elected. In Washington County the Whige gain two Main Law Representatives, and loss one in the same County—making the delegation stand five Whige and five Democrats.

It is though probable the Democrats will carry the Senate and also the House by a small majority.

15. The friends of the Maine Law will have a large majority in the Legislature. Arrival of the Hamboldt.

Fears are entertained of the safety of the steamer Bro. Jonathan. She left this port in May for San Juan, to ply from that place to San Francisco in the Vanderbilt line.

Advices had been received that she touched at Rio Sinco, where she has not been heard from.

"A Soldler of Portune."

We have been thus wittily styled by the Isaiah Bynders of the Madison Argas and Democrat. We would speak a few words to our readers on these "soldiers of fortune"—or, in other words, ascaders from the Democratic party.

There are thousands upon thousands of just such "soldiers of fortune" from one end of the resulting of the other words who cannot hoper marking the other when the control topers are the others of the other who.

such "soldiers of fortine" from one end of the republic to the other, who cannot longer sustain the
dry, rosten, stinking corruption of the Baltimore
Locofoco platform. If this secession is a crima
as the Locofoco press would have it, against privace character, we are happy to say there are thousands of such "criminals" who seem to part with
their reputation without regret. The declarations
of the Locofoco platform on the issues of this
correction are nife that the neonly genuer, swalof the Locofoco platform on the issues of this campaign are pills that the people cannot swallow, and are driving off none "criminals" than, considering the past destitution of the Hinder party of anything righteous, it can well afford to spare; and Beriah Brown's lips, even, would smack at the increased prospects of "spoils" could these "soldiers of fortune" be kept in the ranks of the so-called Domocracy, and he doubtless would be glad to beptize them, and pronounce them "clean and righteous" would they but retarn and "stick to the regular party nominations."

le glad to baptize them, and pronounce them clean and righteous" would they but retarn and righteous. The Locofoco nominee, too, as well as the Locofoco nominee, too, as well as the Locofoco nominee, too, as well as the Locofoco pationn is a pill which the people will not swallow. The Baltimore convention succeeded in trumping up an obscure individual just proscriptive enough to finity be a living embodiment of the Baltimore platform. He has proved himself by his acts and speeches, opposed to the provention of home industry; opposed to the provention of home industry; opposed to the provention, even; in short, a man sold "body and brosches" to the south, and one who has proved himself in his, we are exceedingly happy to say, very tame, career, the relentless opponent of northern principles and northern interests. Who can roate for such a man?

We repeat it, in view of these facts, we are inyoun over the rapid spread of "ciminal" principles throughout the union, in the secession of thousands of the Democracy who love their country batter than a Baltimore nomination; It may be of little intrest—we are only a working man, and consequently a "soldier of fortune" in more respects than one; but God willing, we shall roate for Winfield Scott in November next, and through him, in our very humble opinion, for the true Democratic principles of this day—those found now only in the crose of the Democratic Whig party of the union.—Workform Chronicle Whig party of the union.—Workform Chronicle with the contract of the Democratic with party last win finished.
